

EOLA HILLS CLASSIC PINOT GRIS

Rich and vibrant, the Classic Pinot Gris is harvested by hand from our Legacy Estate Vineyards in the Eola-Amity Hills sub-AVA of the Willamette Valley. With crisp natural acidity balancing out lush notes of Williams Pear, tart apple, honeysuckle and lime blossom, this juicy wine is a supreme representation of this beloved varietal.

EOLA HILLS CLASSIC CHARDONNAY

Our classic Chardonnay offers incredible oak structure with natural acidity that culminates in a polished palate of pineapple, candied lemon, toasted nuts and ripe tree fruits. Fermented for 11 months in barrel (10% new American Oak), this expressive Chardonnay speaks volumes with its incredible value.

EOLA HILLS CLASSIC ROSÉ

A blend of unique blend highlighting Chardonnay, White Riesling, Muscat Ottonel and Merlot grapes sourced from Oregon's Willamette, Columbia and Umpqua Valleys, this intensely aromatic wine features notes of nectarines and red currants with a hint of herbaceousness and wonderful mineral finish.

EOLA HILLS CLASSIC PINOT NOIR

Our Classic Oregon Pinot Noir showcases a dark and juicy profile with brightness that's balanced in weight and depth. A measured oak regime featuring time spent in both French and American oak brings definition and structure to this stunningly rich representation of this distinctive grape.

EOLA HILLS BARREL SELECT RESERVE PINOT NOIR

This reserve Pinot Noir is a thoughtful barrel-selection showcasing our finest lots in the cellar which were fermented separately by vineyard and block and blended to create a perfect picture of each given Oregon vintage.

EOLA HILLS AMERICAN RED BLEND

Our American Red is a proprietary red blend of fruit grown across the Pacific Northwest. Aromas of intense fruitiness lead into a soft, smooth palate with flavors of red berry jam. This special wine raises awareness and support for veteran and first-responder organizations.

Eola Hills Wine Cellars has been locally owned and operated since the early 1980's. We farm more than 325 acres of premium, sustainably managed vineyards in the Eola-Amity Hills AVA of Oregon's Willamette Valley. Our experienced team produces stunning wines that reflect the unique terroir of this region - volcanic and ancient marine sedimentary soils in a mild, maritime climate.
