

## RESERVE FOSSIL BLOCK PINOT NOIR

---

### VINTAGE 2021

#### WINEMAKERS TASTING NOTE

Inspired by the unique Oligocene-era marine fossils uncovered while planting this special block at our Legacy Estate Vineyard, this single vineyard reserve Pinot Noir denotes a fascinating geological history. Light on its feet with accents of sea salt, subtle cherry and vanilla bean, this Pinot builds upon a forest floor base, with hints of bright pomegranate and a mineral-rich finish. Aged for 18 months in French oak barrels.

#### CHARACTERISTICS

Color: Deep Violet

Aroma: Cherries, Earthiness

Taste: Complex Flavors of Pomegranate and Cherry

Body: Mineral-Rich Finish, Silky Smooth

#### TECHNICAL

Brix At Harvest: 22.5-24.5

Alcohol: 13.5 %

Residual Sugar: 0 gr/L

#### FOOD PAIRING

A very versatile wine given its higher acidity and lower tannins, pairs particularly well with lean cuts of duck, or sauteed chanterelle or oyster mushrooms prepared with fresh herbs.
